

WILD MOUNTAIN

2026

SPONSORSHIP PACKAGE

The **Wild Mountain Music Festival** continues to shine as one of the most unique festivals on the summer circuit. Set against the pristine beauty of **Yellowhead County's Entrance Ranch and the Canadian Rockies**, the Wild Mountain Stage comes alive with an energetic blend of musical genres, tempos, and tones.

Both local and visitors enjoy wandering the artesian marketplace, sampling epicurean treats from food vendors, and experiencing a weekend where new connections are formed and friendships flourish. Embracing the arts in this way helps us appreciate our community more deeply and enriches us culturally.

From July 17th-19th, join us as we bring Wild Mountain Music Festival 2026 back for another memorable year.

In order to do this, we need sponsors to assist with the cost of talent, staging, sound, and essential operational services.

Five Reasons to Support *Wild Mountain*:

1. *Wild Mountain is high quality...*

Wild Mountain has never asked for support for anything other than a great product. We continue to focus on bringing the best talent possible, working to build our reputation from the stage out. From **Colin James** to the breakthrough with the **Sheepdogs**, then **Sam Roberts** and a packed field in 2014 for **Blue Rodeo**, one of Canada's preeminent bands, *Wild Mountain* brings a unique mix of music and art to the foot of the Rocky Mountains.

2. *Wild Mountain is a positive contributor to your community...*

Wild Mountain brings a distinctive and otherwise absent cultural experience for three days every July; a result of a 100% volunteer effort. In 2019, over 230 citizens volunteered their time and made it all possible. *Wild Mountain* is a family of volunteers doing something great.

3. ***Wild Mountain can impact your business...***

Wild Mountain is budgeted to attract 4500 people over the three days, which provides significant good will for our sponsors.

4. ***Wild Mountain supports our local economy...***

Statistics indicate that festival tourists will spend between \$500 and \$1,000 at an event like *Wild Mountain*, suggesting our guests will spend *around \$1,000,000 this year in our regional economy in just three days.*

5. ***Wild Mountain gives back...***

Through partnerships with various non-profit organizations *Wild Mountain* gives back to the community through direct donations and paying for services supplied by various non-profit organizations.

The immediate economic impact, combined with the ongoing effects of having thousands of visitors to the area and sharing a positive experience makes *Wild Mountain* an important event for the regional economy. The festival supports and promotes our business community, ensuring that every July we can all come and enjoy great music at one of the most beautiful festival sites on earth.

Join the excitement and let's make the Wild Mountain 2026 a fabulous success!
